Subscription Plans or A La Carte:

Blue Vault Digital offers both Vaultcards and Giftcards. Vaultcards are prepaid cards which give the user free tracks upon purchase. After a purchase users may quickly proceed through the checkout process. Giftcards may also be purchased for a friend or that special someone with a 3 month pre-purchase. Also we have the "a la carte" option which allows the user the freedom of purchase without a subscription plan.

However, when a user has an active subscription plan, a running total of their subscription credits remains on the left hand side of the site at all times so they can see how many credits they have remaining for the particular month.
